

# IMMUNIZE LA Kids

**“Sick Today, Shots May Be Okay!”**

## FREE Immunization Education Posters can Help Prevent Missed Opportunities to Vaccinate!

The Immunize LA Kids Coalition developed two posters to encourage parents to talk to you, their provider, about the possibility of their child receiving shots when they have a mild illness such as a cold, ear infection, or mild fever. As a provider, you likely know of the clear benefits of immunizations in keeping children and communities healthy and that most children with mild illnesses can safely receive shots.

Place your order for your FREE **“Sick Today, Shots May Be Okay!”** posters, today! Select one or both of the posters below. Posters are available in both English and Spanish.

Poster #1

Poster #2

When placing your order please consider potential poster placement in your office. Ideal placements of posters include waiting room areas, exam rooms, and immunization administration stations. Providers with multiple office locations are encouraged to order posters for each office.

### Order Form

My office(s) would like to receive the following FREE posters.

Poster #1		Poster #2	
<input type="checkbox"/> English	<input type="checkbox"/> Spanish	<input type="checkbox"/> English	<input type="checkbox"/> Spanish
Quantity _____	Quantity _____	Quantity _____	Quantity _____
